☎ 214-725-2522 @ jessica.c.danby@gmail.com 🔗 linkedin.com/in/jdanby/

## EXPERIENCE

### Software Engineer II

09/2017 - 10/2023

#### Intuit

Plano, TX

Global FinTech Platform: TurboTax, Credit Karma, QuickBooks, & Mailchimp

- Lead the UI design on a generative AI concept that is now patent pending
- Architected ecosystem plugins and widgets that were used across platforms and products
- Lead frontend design of a document management system that is now used by thousands of users

### Front End Engineer

04/2014 - 09/2017

#### Bottle Rocket

Addison, TX

Mobile-First Consulting Agency

- Create internal tooling that reduced team debugging and monitoring effort
- Develop and maintain web applications using AngularJS
- Contributed to the development of Chromecast receiver applications
- Lead an initiative to begin unit testing and monitoring code coverage
- Enhanced and maintained a large React/Redux e-commerce website

### UI Developer II

02/2013 - 04/2014

#### Fossil

Richardson, TX

Global Retailer

- Developed interactive and responsive content under tight deadlines
- Created Chrome extensions that aided with development and debugging
- Collaborated with other departments to create a better user experience

### Web Developer

02/2012 - 02/2013

#### PAVLOV

Fort Worth, TX

Full-Service Creative Agency

- Created highly interactive micro-sites for a variety of clients
- Enhanced existing client sites by re-skinning CMS's and adding new features

### Online Editor

08/2010 - 05/2012

#### The Shorthorn

Arlington, TX

Student Newspaper

- Built and designed a weekly newsletter from the ground up
- Hired and managed three employees
- Planned and managed online-only content and projects, including weekly webcasts and data projects
- Created interactive components for the website, such as a basketball season roadmap
- Applied information creatively to specific problems and tasks
